

# Are Your Kids Responsible And Fun To Be Around?

*Most of the time? Some of the time? Hardly ever?*

Attend the **"Becoming a Love & Logic Parent"** classes, and learn easy to use techniques that will help put you, the parent, more in control while at the same time providing opportunities for your child to do the greatest amount of thinking and decision making.

These classes are based on the Love & Logic philosophy, which is easy to learn and offers a unique approach to successful parenting. Love and Logic Facilitator Sue Wahlberg will teach you specific "how-to's", using real life examples, with humor and compassion for the most important job of all – parenting!
